

## Editing a profile image to upload to the Remembered **Forever** website

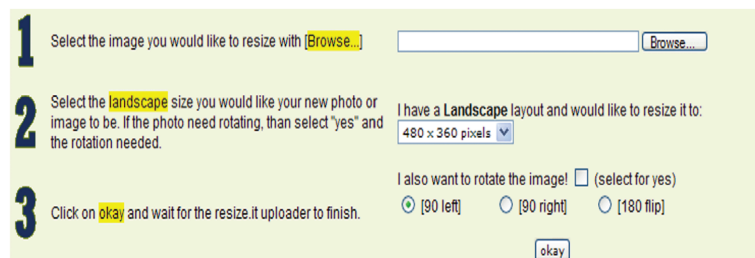

When uploading your profile picture into your announcement, you will need to consider its size. As technology increases, so does the size of the photos we take. To ensure that your image is the optimum size, please follow the guidelines below:

### Step one

To resize your image, visit <http://www.resize.it/resize-landscape-photo.html>

### Step two

Select your image by clicking the browse button and navigating to your image

1 Select the image you would like to resize with **Browse...**

2 Select the **landscape** size you would like your new photo or image to be. If the photo need rotating, than select "yes" and the rotation needed. I have a **Landscape** layout and would like to resize it to: **480 x 360 pixels**

3 Click on **okay** and wait for the resize.it uploader to finish. I also want to rotate the image!  (select for yes)  [90 left]  [90 right]  [180 flip]

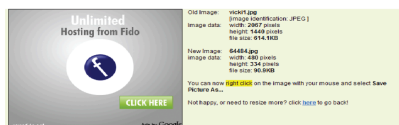

**okay**

### Step three

Once you have chosen your image, click "okay"

### Step four

The website will display the resized image on the page.

You must right click on the image and choose "Save image as"

This will allow you to save the resized image onto your computer ready to upload onto the Remembered **Forever** website
